

Q1. What is the Kingdom Builders Team?

Kingdom Builders are people from our CF family that have the gift of generosity and have demonstrated through their tithe and consistent giving to the Kingdom Builders Fund that they're committed to growing God's church and expanding His Kingdom. God has a special partnership designed for pastors and those with the gift of giving... Pastors set the vision for the church and business and giving leaders set the pace of it.

We gather a couple times a year to celebrate all God is doing in us and through us and pray for what is to come. Pastors Todd and Julie also send emails regularly to this Team celebrating what God is doing as well as providing updates and information about some of the highlights happening across our church.

Q2. What is the purpose of the Kingdom Builders Team?

To growth the partnership between Christ Fellowship and the business and giving leaders committed to financially supporting God's vision to transform South Florida and the world with His love. Giving to the Kingdom Builders fund directly invests in:
PEOPLE – developing godly leaders;
PLACES – building places of worship;
PARTNERSHIPS – supporting key local, national and global ministries.

Q3. Is Kingdom Builders an exclusive group?

Kingdom Builders isn't an "exclusive" group. It's open to anyone who feels called to finance and invest in building God's kingdom by committing to give consistently to the Kingdom Builder fund over and above their tithe each year.

Q4. How Do I Give to Kingdom Builders?

When giving electronically choose "Kingdom Builder" as the fund. If you are giving with cash or check, make sure to write down Kingdom Builders on the check or cash envelope.

Q5. How can I be added to Kingdom Builders?

To make it convenient, you are automatically added to Kingdom Builders when you are giving above the tithe to the Kingdom Builders fund. This way you'll immediately start getting updates and information to join us in prayer and support for what is to come and celebrate what God is doing.
